

# JUNIOR FARM MANAGER – AVOCADOS & MACADAMIAS

Danroc (Pty) Ltd seeks to employ a dynamic junior manager with proven ability to manage and work with people. The successful candidate will oversee various aspects of the production management of our Kiepersol operation with crops in avocados and macadamias. The position will report to the Senior Farm Manager.

## MINIMUM REQUIREMENTS:

- Agricultural or Business Management Degree/Diploma.
- 3+ years or more experience in Agriculture.
- Fully computer literate.
- Strong labour management ability.
- Ability to speak the indigenous language of our area advantageous.

## TO BE SUCCESSFUL IN THIS ROLE YOU WILL NEED:

- To have an inherent energy directed towards being part of a team.
- Take accountability.
- A high level of self-motivation and the ability to pay great attention to detail.
- To express the ability to communicate well, while motivating a large workforce.
- To be passionate and experienced in the management and development of people.
- To drive a process of continuous improvement while optimizing the production capacities of the division.
- Effective time management skills with the ability to prioritise tasks and problem solve.

The candidate must understand the unique challenges and opportunities within modern agriculture and be willing to work in a rapidly changing environment.

Although the post is available immediately, the company will be negotiable on a suitable starting date. The position offers a market related remuneration package.

Only shortlisted candidates will be contacted.
